

SHED PERMIT INFORMATION

Information Required to Process This Permit Application

1. Ask for an Application

- Attached is a SAMPLE packet of information to follow for required information.
- Property Owner must sign the application.

2. A Site Plan Showing

- Entire property dimensions, size and position of SHED along with all buildings and structures located on the property with distances. Measure from the center-line of the roadway and or the property line.
- The side yard requirement to the structural wall of the SHED shall be 10 feet.
- Show distances between structures on the property.
- The Shed MAY NOT be placed in any active easement.

3. Specification Sheet

- Manufacturer's specification sheet for the wall construction for the shed.
- A description or photo shall be supplied.
- The size and height of the shed.

4. Contractors License

- Contractors must have a Certificate of Insurance or a Workers Compensation Insurance form on file with the Municipal Office.
- If homeowner is installing the shed, no Certificate is required. Note: **Remember to Call** "PA Call Before You Dig" at 800-242-1776.

5. Inspections

- An Inspection Sheet will be done by the Zoning Officer, John Soloe (610) 392-1122 (cell), when the shed is completed. The owner need not be present or on site for that inspection.
